THE GUN SHOOTING
SIMPLE 1500 SERIES Vol.24

Controls

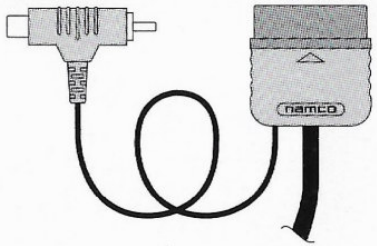

GAME1

Using a GunCon

Video input plug

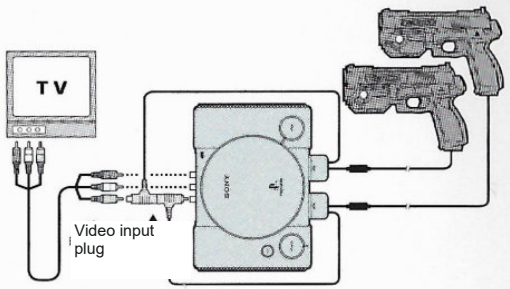

Controller plug

Cable

Connecting two GunCons

Connect the two video input plugs in a chain, and connect each GunCon controller plug to its own controller port.
If you use an AV adaptor (sold separately), chain the video input plugs in the same way.
To adjust your aim, select Gun calibration in Options.

For Japan Only

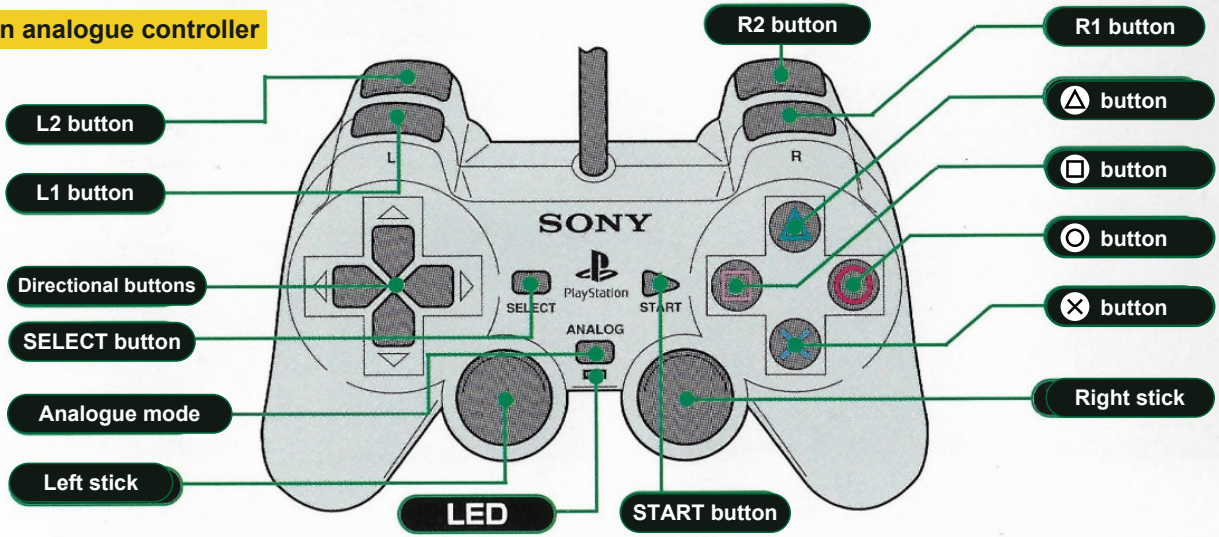

Players 1-2

Memory card 1 block

GunCon compatible
SLPH-00034 (Namco)

SLPS 02474

Using an analogue controller

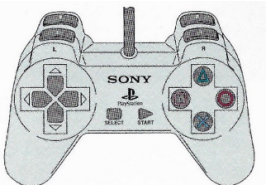

GunCon - Normal setting

Button	Menus	During play
Trigger	Confirm / skip an animation	Fire. Aim off-screen and pull the trigger to reload; join a two-player game.
A	-	Pause
B	Cancel	Reload

Other GunCon buttons are not used. With Swapped selected, physical A performs B's functions and physical B performs A's functions; the trigger is unchanged. The choice affects both players for the current session and returns to Normal after a fresh boot.

Controller / analogue controller

Control	Menus	During play
Direction buttons	Move the aiming cursor	Move the aiming cursor
○	Confirm / skip animation	Fire / join a two-player game
×	Cancel	Reload
START	Skip animation	Pause

The standard controller uses the same button names and functions.

Other pad buttons are not used. At the start of the game, the pad cursor is hidden above the screen. Press Down to show it.

Getting started

GAME2

For your first game, select New Game on the title screen. After the opening movie, the Prologue stage begins. Clear it to reach the briefing screen. If you fail to clear the Prologue, you return to the title screen.

Title screen

This menu appears when the game starts.
New Game: start from the beginning.
Continue: load game data from a memory card.
Options: Gun calibration, GunCon buttons and Sound.

Leave the title screen idle for 15 seconds to start a demo. Press any button during the demo to return.

Main menu

Before deploying, change settings or save/load your progress.
Briefing room: mission details and deployment.
Maintenance room: calibration, buttons and sound.
System room: Save, Load and Scores.

Gun calibration

Adjust the GunCon's aim. Aim at the centre of the screen and fire. Once adjustment is finished, fire a test shot to check your aim.

Briefing room

Hear an explanation of the mission and choose the operation you want to undertake.

GunCon buttons / Sound

GunCon buttons (patch only): choose Normal or Swapped, then Back. Both players share this setting for this session.
Sound: choose Stereo or Mono.

Playing the game

GAME3

The main game

LIFE gauge

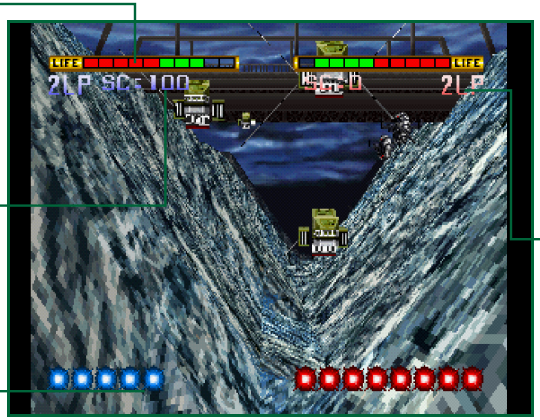

Decreases when you take damage. When the gauge runs out, one LIFE pack is used.

Score

Your current score.

Ammunition

The bullets currently loaded in your gun. Reload to refill them.

Sights

Shown when using a controller. Player 1's sight is green; Player 2's is red.

LIFE packs

Your remaining reserve LIFE packs.

You can pick up a machine gun during play. For a limited time, you can fire rapidly without reloading.

You are a member of Jungle Patrol, protecting peace in the jungle.
Defeat the enemies in your path and the boss waiting at the end of each stage to clear it.
If you lose all your LIFE and reserve LIFE packs, the game ends.
Try again from the beginning of the stage.

System room

Save your current progress to a memory card. One free block is required. Only memory card slot 1 is supported. To save the final stage after clearing every mission, return to the briefing room and then save.

Scores

Your total score gives you one of four ranks: A, B, C or D. A is the highest rank.

Precautions for use

- This disc is software for the home video game system PlayStation only. Using it in other equipment may cause a fault or harm your hearing. Do not do so.
- It works only with Japanese domestic PlayStation systems bearing the NTSC J or FOR SALE AND USE IN JAPAN ONLY mark. It cannot be used with overseas PlayStation models.
- Read this manual and the PlayStation instruction manual and safety information carefully, and use the product correctly.
- When inserting the disc, keep the label side facing upwards. Press the centre gently to secure it in place.
- To remove the disc after play, press OPEN and wait until it has stopped spinning completely. Never touch a spinning disc: doing so may cause injury, damage the disc or cause the system to fail.
- Avoid fingerprints, dirt and scratches on both sides. Do not attach stickers or write on it with a pencil or other implement.
- If it becomes dirty, wipe it gently with a soft cloth, such as a glasses-cleaning cloth, in straight lines from the centre outwards. Do not use record cleaners or solvents.
- Never use a cracked, deformed or glued/repaired disc, as it may cause the equipment to malfunction.
- Do not store it in direct sunlight, near heaters or in other hot places. Avoid humid places too.
- Do not place heavy objects on the case or disc, or drop them. They may break or cause injury.
- After play, return the disc to its case and store it out of reach of small children.
- Damage or scratches caused by incorrect handling are not covered by compensation.
- Never connect the PlayStation system to a projection television. Residual images may burn into the screen.
- Some software requires a memory card. Check the instruction manual.

Health precautions

For your health, take a break of about 15 minutes every hour. Avoid playing when tired or short of sleep. Play in a well-lit room and sit as far from the television as practical.
In rare cases, strong light or repeatedly flashing images may cause temporary muscle spasms or loss of consciousness. If you have experienced this, consult a doctor before playing. If you develop these symptoms, or dizziness, nausea, fatigue or symptoms like motion sickness while watching the game, stop playing immediately and seek medical attention.

SIMPLE 1500 SERIES Line-up

Scheduled for December 1999

Vol.21 THE BASEBALL

Take the role of a manager and battle through a season in this strategic and tactical baseball simulation. Create your own team and make trades.

Vol.22 THE PRO WRESTLING

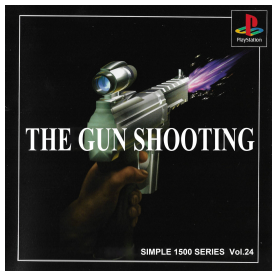

Fully polygonal wrestlers deliver exciting matches with simple controls. An edit feature lets you create your own wrestler.

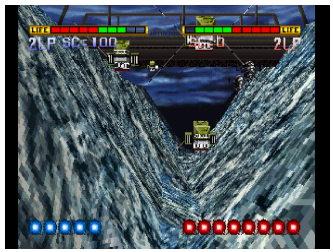

Vol.23 THE GATEBALL

Two five-player teams feature ten distinctive characters. Choose from four courts with different ball-rolling behaviour. The rules guide makes the game easy to learn, even for newcomers.

Vol.24 THE GUN SHOOTING

A GunCon-compatible game with the variety and excitement of an arcade shooter. Battle a poaching gang through stages set in the African jungle. A two-player mode is also included.
